

## **2013 AREA B SEINE & AREA H TROLL** **SALMON FISHING HAIL REQUIREMENTS**

These requirements are intended for general purposes only. Where there is a discrepancy between the hail requirements and the licence conditions, the 2013/14 Salmon Area B Seine Licence Conditions or the 2013/2014 Salmon Area H Troll Licence Conditions are the final authority.

### **Catch Reporting Requirements**

**Registration:** Vessel masters are encouraged to register their FIN and harvest log number by calling **1-877-280-3474** to facilitate the daily reporting process. Vessels with operational E-logs are not required to call, however data must be submitted electronically as per conditions of licence.

- 1. Start Fishing Report:** Vessel masters must, prior to beginning fishing on a fishing trip, phone Archipelago Marine Research (AMR) **1-888-387-0007** and provide a Start Fishing Report. The operator will provide the vessel master with a confirmation number to record in the harvest log.
- 2. Daily Catch Report:**
  - a. Quota Fishery-** Prior to 08:00 h following a day in which fishing occurred, or prior to landing catch from that fishery (whichever comes first); OR
  - b. Non-quota Fishery-** Within 48 hours of stopping fishing or within two hours of completing landing of catch from that fishery (whichever comes first);  
  
the vessel master must record their catch information in their harvest log and report their catch by calling **AMR 1-888-387-0007**. The operator will provide the vessel master with a confirmation number to record in the harvest log.
- 3. Offload Catch Report:** In a non-quota fishery, the vessel master shall phone **AMR 1-888-387-0007** within 48 hours of stopping fishing, or within two hours of completing landing to provide an Offload Catch Report.
- 4. End Fishing Report:** Not later than 24 hours following the end of a fishing trip and prior to commencing a subsequent fishing trip, the vessel master shall phone **AMR 1-888-387-0007** to provide an End Fishing Report.
- 5. Cancel Trip Report:** If no fishing occurs on a planned fishing trip for which a Trip Identification Number was obtained the vessel master shall phone **AMR 1-888-387-0007** to provide a Trip Cancellation Report.
- 6. Transshipping:** All vessels are required to document in the Offload Catch Report section of the harvest log or E-log, when fish has been pooled (transhipped) onto another vessel or vessels.

**\*Please see reverse for catch validation information\***

## Catch Validation Requirements (2013 Fraser River Sockeye/Pink only)

### Registration:

It is recommended that Licence holders register with J.O. Thomas and Associates - **J.O. Thomas 1-866-930-4000** in advance of the fishery to confirm participation.

### Dockside Landings:

Prior to any dockside landing of fish, the vessel master shall phone **J.O. Thomas** at **1-866-930-4000** between 06:00 h and 18:00 h seven days per week (**as much notice as possible should be given in order for arrangements to be made for a landing observer to be present**) and provide the following information:

- vessel master;
- vessel registration number;
- name and **Fisher Identification Number (FIN)**;
- contact phone number;
- date, time, port and location of landing of the fish;
- name of fish buying station where fish are to be landed;
- product type;
- estimated number of pieces by species;
- Area(s) fished.

All salmon shall be landed at one of the following locations: Port Hardy, Port McNeill, Campbell River, Quadra Island, French Creek, Port Renfrew, Kelsey Bay (Area H only), Greater Vancouver.
